Objective

I'm a Data Science student with a strong passion for web development, Python, and AI. I enjoy creating user-friendly and impactful digital solutions using Django, python , and interactive designs.

Education

- B.Tech in Computer Science with specialization in Data Science, SVYASA University (2024–2028)
- PUC, PES College (2022–2024)

Skills

- Languages: Python, JavaScript
- Web: HTML, CSS, Bootstrap, Django
- Libraries: Turtle, Tkinter
- Tools: Git, VS Code, Jupyter Notebook

Projects

- **Portfolio Website:** Built with Django using Bootstrap. Includes dynamic pages, resume, and featured achievements.
- **Turtle Art Generator:** Designed interactive and colorful patterns using Python's Turtle graphics module.
- **Advanced Python Problem Solving:** Solved complex algorithmic problems using lists, dictionaries, and recursion for skill improvement.
- **Tkinter GUI Apps:** Built desktop-based applications like Calculator and To-Do List using Tkinter.
